INDICATION

- Trumenba is a vaccine indicated for active immunization to prevent invasive disease caused by *Neisseria meningitidis* serogroup B. Trumenba is approved for use in individuals 10 through 25 years of age

SELECTED SAFETY INFORMATION

- Severe allergic reaction (eg, anaphylaxis) to any component of Trumenba is a contraindication
- Some individuals with altered immunocompetence may have reduced immune responses to Trumenba

Please see additional Selected Safety Information on following page.

SELECTED SAFETY INFORMATION (continued)

- Persons with certain complement deficiencies and persons receiving treatment that inhibits terminal complement activation (for example, eculizumab) are at increased risk for invasive disease caused by *Neisseria meningitidis* serogroup B even if they develop antibodies following vaccination with Trumenba
- Vaccination with Trumenba may not protect all vaccine recipients against *N meningitidis* serogroup B infections
- Syncope (fainting) can occur in association with administration of injectable vaccines, including Trumenba. Procedures should be in place to avoid injury from fainting
- In clinical studies, the most common solicited adverse reactions in adolescents and young adults were pain at injection site (≥85%), fatigue (≥60%), headache (≥55%), and muscle pain (≥35%)
- Data are not available on the safety and effectiveness of using Trumenba and other meningococcal group B vaccines interchangeably to complete the vaccination series
- Safety and effectiveness have not been established in pregnant women

Please see [full Prescribing Information](#).

Thank you for your interest in our Pfizer-sponsored speaker programs. Pfizer policy holds that we cannot invite excluded specialty-licensed healthcare professionals (HCPs) to our speaker programs. The excluded specialty-licensed healthcare professionals for this program include but are not limited to: Psychiatry, Geriatrics, Obstetric Anesthesiology, Obstetrics, Maternal and Fetal Medicine, Neonatal-Perinatal Medicine, and Veterinarian. If you plan on forwarding this invitation please only send to those HCPs who are not excluded. Thank you for your time and assistance with regard to this request.

If you plan to attend, kindly make every effort to arrive by the designated start time and to remain through the duration of the program. Please be advised that late arrivals may be prohibited from participating in the event.

Notice: This event is conducted in accordance with the PhRMA Code on Interactions with Healthcare Professionals (HCPs) and is limited to invited HCPs and appropriate HCP staff. Attendance by guests or spouses is not appropriate. In addition, Pfizer policy prohibits attendance by HCPs who practice in a specialty for which the relevant Pfizer product does not have an FDA-approved indication.

State and Federal Employees: State and federal laws and regulations may limit your ability to receive meals. By attending this event, you confirm that you have obtained any necessary approvals from your employer.

Public Disclosures: The cost of meals and refreshments provided to U.S. licensed Healthcare Professionals attending this event may be subject to disclosure under state law, and subject to disclosure under the Physician Payments Sunshine Act. Pfizer's disclosure allocates the cost of meals equally across all attendees who have not opted out of receiving a meal or have consumed a meal regardless of opt-out status.

State Law Restrictions: Regardless of where you practice or reside, if you are an HCP who is licensed in Minnesota or Vermont, or an employee/agent of a Vermont HCP (eg, PAs, non-prescribing nurses, etc.), you may not attend this event. If you are a NJ licensed prescriber, you can only partake in a meal or refreshments if the per person cost is \$15 or under.
