To enroll in a vaccine contract:
Members may enroll in a vaccine contract at any time by contacting CCPAPP and completing the required vaccine forms. CCPAPP must request your contract participation directly with the vaccine manufacturer. Once you are linked to our agreement(s), orders for Merck, Sanofi Pasteur, and Pfizer products must be made directly with the manufacturer. Orders for AstraZeneca must be made through an authorized distributor. Orders placed through distributors or other companies for Merck, Sanofi Pasteur, and/or Pfizer products will not receive CCPAPP's contracted pricing.

Questions about vaccines?
Please contact Paresch Patel at 312.227.7436 or papatel@ccpapp.org.

Questions about vendors?
Please contact Melissa Romey at 312.227.7508 or mromey@ccpapp.org.

General inquiries?
312.227.7444 or info@ccpapp.org.

How to enroll in non-vaccine vendor contracts: Contact the vendor directly by using their contact information listed. Please be sure to mention that you are a member of CCPA Purchasing Partners. Once the vendor has confirmed your membership, they will link you to CCPAPP's contracted pricing.

Please note: additional paperwork may be needed in order to set up an account with our vendors and/or link your account to CCPAPP's pricing. Some vendors may not service all states. Please contact the vendor directly to verify coverage in your area.

How to opt out of non-vaccine vendor contracts: Members may do so at any time by contacting the vendor directly.

**This agreement is offered through CCPAPP's partnership with Premier, Inc. In order to participate, members must complete a Premier application. Premier applications and more information including instructions for enrollment can be found on CCPAPP's website: www.ccpapp.org/vendor-partners/vendor-forms.*

More discount opportunities are available through Premier including cellular service discounts with AT&T, Sprint and Verizon Wireless. Please visit our website for more information: www.ccpapp.org/vendor-partners/cell-phone-discount-program.
